HOTS

How can you say that train is a non-living thing?

Creative Zone

A. Select natural and man-made things and write their names in suitable column.

Natural Things

.....
.....
.....
.....

Man-made Things

.....
.....
.....
.....

B. Classroom Activity

Look at your classroom carefully. Try to find out the names of five living things and five non-living things.

C. Outdoor Activity

Visit a park. Observe the trees and birds sitting on them. On the basis of which features you can say that both trees and birds are living things.

Values to Learn

Living things such as flowers also have life in them. They beautify our surroundings and give sweet fragrance. They are plucked to make perfumes, dyes and bouquets. Is it wise to pluck them for the sake of fun and then throw them?
